"Brides" Nets \$197 For Senior Class

"Here Come the Brides" a play extolling the woes of a bridegroom, netted \$197 for the senior class Friday, April 1 in the high school auditorium. The money will finance the senior trip, scheduled for post-graduation. Other money making activities may be held later in the spring.

Included in the cast were Glenn Schweers, Monte Williams, Marilyn Bendele, Paula Holliday, Dorothy Leinweber, Rayford Pochoer, Floyd DeGroot, Elizabeth Schoellman, Colby Heyen, Gayle Knight and Monette Schweers.

"Just Ducky" April 15

What makes teen-age girls do the things they do? That is the question. What should be done about them? That is the problem.

For the answer the junior class presents a farcical comedy all new, all different and all characters, in its "Just Ducky." The three-act play will be seen at 8 p. m. Friday, April 15.

The skit involves two teen agers, who make up a letter to send to the editor of a lovelorn column. The letter sounds so tragic the editor is soon over at the house. The man of the house has just been appointed head of the citizen's committee, and complications arrive as the visitors do.

Richard Schulte steps in as Mr. Maxwell, the head of the house, or at least he thinks so. Sharing honors is Nelda Muennink as Mrs. Maxwell, the head of the house, or at least she thinks so.

Sandy Meyer hams as pet 14 year old Betty Lou, a constant worry to her parents. Julianna Bendele dons makeup to play Bernadine Smith, Betty Lou's bouncy girl friend.

Donnie Neuman portrays 13-year-old, tousle headed Wilbur Maxwell, a human atom bomb with aspirations to become a writer.

Pete Angermiller plays his bosom pal, Hercules, who seldom remains quiet.

Mary Lou Moos acts as Connie, the Maxwell's older, more mature daughter. Her well-mannered boy friend, Craig Moore, is Jerry Muennink.

John Allen Breiten faces the footlights as Mr. Moore, Craig's pop who serves on the citizen committee.

Arlen Graff plays Del Marshall, a newspaper reporter.

Dorothy Blinka chips in her talents as Aunt Mary, Mrs. Maxwell's energetic aunt.

Judy Breiten as Miss Blayne, editor of the lovelorn column, completes the cast.

D'Hanis PTA Hears History Program 22nd

By Mrs. Amos Finger
D'HANIS — The D'Hanis Parent-Teacher Association, meeting in the school auditorium Tuesday evening, March 22, enjoyed a program presented by Miss Carrie Langfeld's class in World History.

The students wrote and produced a dramatic series depicting the progress of civilization from prehistoric days to modern times. As a finale the group sang "America the Beautiful."

Mrs. Bernice Finger presided. Cookies and coffee were served.

Sterling Fly, Matthews Coming

Both Sterling H. Fly, president, and Wayne Matthews, dean of Southwest Texas Junior College in Uvalde will visit three Medina County high schools Thursday, April 14.

The college officials will meet in D'Hanis, Hondo and Devine, with senior classes, stressing opportunities to be offered at SWTJC and to answer questions about entering college. Also, seniors will be invited to attend Senior Day at the Uvalde junior college April 28.

There will be Food Friday services at the chapel from noon until 3 p. m.

Our temporary chaplain, Stanley B. Webster of Lackland AFB, has received orders to Turkey, Greece and Palestine. The new HAB chaplain is to arrive April 22.

Jackie and Paul Portelance were happy to have her parents, M&M Harry Johnson and her brother, Harry Johnson, of Norwich, Conn. visit them last week. We all surely hope the Johnsons enjoyed their visit in Hondo.

M&M Thomas O'Connor of New York City spent a week with their daughter and son-in-law, Betty and Dick Walsh. Why does everyone seem to come during the dust season?

Elmer and Peggy Stram held an open house for 25 guests on Saturday evening. The guests were entertained.

Don't forget the luncheon Wednesday, April 13. It's to be a crazy hat theme so get busy re-converting your old chapeaux, ladies!

Spring Brings Out Bikes Among Settlement Folks

By Mrs. J. D. Schweers

SETTLEMENT — Spring must really be in the air. Noticed Rudy Bayer and daughters Carmen and Dot strolling on bicycles Sunday morning. Others seen on bikes after school are Ralph Bayer, Donnie Horecka, Kay Biediger, Carolyn Jagge,

Dorothy Bayer. Dot and Barbara Horecka ride free, no pedaling. That's the part I'd like. "No Work". Looks good to see some with no rain worries.

Mrs. Victor Saathoff, Barbara, Vicki and Mary Louise, Mrs. Ida Saathoff attended an Easter egg hunt, last Saturday afternoon near Biry.

M&M Elgin Stiegler looked over the frozen crops last Friday evening and called on Mrs. Lina Fuos.

Milton Tschirhart had the m' fortune to lose his billfold Monday while planting. Hope he and 12 men can find it. They are all looking for it now.

M&M Elmer Biediger and Shelia spent last Friday with M&M Bill Wengenroth and Claude, and visited with the Louis Schneider family in the evening.

Farmers are up early and tractors humming, since the frost, replanting and hoping for rain. Rain is badly needed, not only for the fields, but pastures, too.

Mrs. Leon Tschirhart of Castroville was in our midst Monday morning on her way to Hondo.

M&M J. Bruce Aycock of SA, visited Monday evening, March 28 with M&M J. H. Steidle.

Mrs. Lina B. Fuos visited past Monday afternoon with Mrs. Ben De Joirno, Sr.

M&M Ervin Biediger, Kay and Vicki visited Thursday evening with the Ad and Elmer Biediger family.

Mrs. Sterly Jagge spent Tuesday, March 29 with Mrs. Tommy Hoog at Castroville.

M&M Allen Haby spent Sunday in SA with M&M Harvey Haby, Kenneth and Donald.

M&M H. W. Schweers of Hondo spent Sunday with M&M Herman Gerdes at Upper Quilhi.

M&M J. H. Steidle had as their guests Sunday, March 20 Major and Mrs. Carl Steidle, Billy and Susan, Mrs. Wagner, M&M Oscar Schuehle, all of SA, M&M Joe W. Steidle and Kenneth of Cliff, M&M Claude Tondre, Claude, Jr., Elaine and Curtis of Castroville and M&M E. A. Mechler from Gosh Ranch.

Strawberry Shortcake

2 cups flour, 6 tablespoons fat, 4 teaspoons baking powder, 1 cup milk, 1 tablespoon sugar, 1 beaten egg, 1 teaspoon salt and strawberries.

Sift dry ingredients. Work in fat. Add milk and egg mixture all at once, mixing until product cleaves from sides of bowl. Turn onto lightly-floured board or pastry cloth; knead about 20 strokes or until dough is smooth.

Divide dough into two equal parts. Pat and roll out one portion to fit a pie or cake pan, making a layer 1/4 inch thick. Brush top lightly with melted fat. Shape second portion of dough in same way and place over first. Bake in hot oven 425 degrees 12 to 15 minutes.

When done, separate layers, spread with butter, sprinkle with sugar, put crushed and sweetened berries on one layer, and place the other over it. Spread this with fruit mixture. Serve at once either plain or with whipped cream.

1. One cup of fresh strawberries contains enough Vitamin C to fill the dietary requirement for one day.

THDA Meetings, Falfurrias

Mrs. Oscar Etter, county THDA chairman, will give the summary of the THDA District 12 meeting at the close of its meeting in Falfurrias April 14. She will also appear on the program, giving a short report of the history of Home Demonstration work in Medina County and how the clubs are carrying out the recommendations of the state committees.

Clothing Meeting, Pearsall

HD Club women are invited to attend a clothing meeting in Pearsall June 17 when Miss Janie Scott will give demonstrations to include (1) How to select the correct size patterns for various figure types, (2) How to select flattering styles, and (3) Discussion and presentation of new fabrics and designs. Her demonstration and discussion has been about 90 minutes to two hours long. This will be an open meeting and not a leader-training meeting. Club members from all the clubs should attend.

Dress Revue
All women who enter the dress revue are urged to send the description and writeups of their dresses to Mrs. Etter not later than April 16. They are to be written as the wearer wants them read.

Those making a hat to enter in the entertainment program are to send their descriptions to Mrs. Harrison Wilson not later than April 16. Girls will give their records and reports to their

2 In 9th Wins Over Pearsall

Hondo's Owls conquered the Pearsall Mavericks for the fourth straight time although they had to pull it out of the fire in the ninth inning, 10-8, Monday, April 4 at Pearsall.

Through seven innings, the regulation high school distance, the score was tied, 8-8. Then Glenn Schweers doubled in the ninth with two on, driving in a run. Shaky Maverick pitching walked two more men, the last in Hartman, to force in the run.

Previously, however, Pearsall scored six runs in the fourth frame on wild pitching. "Possum" Saathoff, Wilbur Lindeburg, Johnny Morin and Richard Schulte paraded to the mound for the fire was snuffed out. Eleven Mavericks batted and Hondo contributed two errors.

Line score:
Hondo 000 401 302—10 13 3
Pearsall 000 600 200—8 5 4
Saathoff, Lindeburg (4), Morin (4), Schulte (4) and Muennink; Morales, Fudge (7) and Hernandez.

Comets Rock Fowls

By Gerald W. Kempf

CASTROVILLE—The St. Louis Comets, behind the effective combined no-hit pitching of Harold Keller and Maurice Etter, chalked up their first triumph in Academic League play April 2 here by defeating the Peacock Fowls, 19-1.

The Comets got off to a quick start, scoring two runs in the first, five in the second, four in the third, two in the fourth, and six in the sixth.

Peacock's lone run came in the fourth frame on two walks, a passed ball and a neatly executed double steal.

Keller, the Comet starter, showed superb form, striking out 10 of the men who faced him in his four innings on the mound. Etter was also effective, holding Fowls hitless in the last three innings, while fanning three batsmen.

Not only did Keller shine on the mound, but it was his big bat that dealt the Fowls a great deal of misery. He drove in six tallies, ending on a home run, and three singles in five to the plate.

Rocky catcher Royce Groff collected three hits in four tries, being a tremendous home run over the left centerfield barrier with one on in the sixth. Other extra base blows included a triple and double by Jungman, and doubles by Groff, Wengenroth and Bippert.

St. Louis Two Up In AL Chase

By Gerald W. Kempf

The St. Louis Comets won their seventh game of the season and their second straight Academic League game, Monday afternoon, as they shot past the St. Gerard's Royal Blues, 9-3. The Comets have lost three games to date.

Maurice Etter was the Comet mound choice and he went all the way to notch his second win of the season. He yielded only five hits, struck out four, and walked four. Etter was in trouble only once, when in the fifth inning the Royal Blues scored all three of their runs on three singles and two hit batsmen.

D. Anders started on the mound for St. Gerard's. He was relieved by Schneider in the fourth and Garza took over in the fifth. Anders was charged with the loss.

The Comets, led at the bat by Justin Jungman and Royce Groff, scored three runs in the second inning, three in the fourth, two in the fifth and one in the seventh. Jungman drove in three runs with a trio of singles in four trips to the plate. Groff collected two singles in four tries. Dennis Haby drove in three runs with a single and a sacrifice fly.

None of the Royal Blues could manage over one hit off the offerings of Etter. Garcia drove out a long triple and R. Anders banged out a double for the only extra base hits in the game.

Line score:
St. Louis 030 320 1—9
St. Gerard's 000 030 0—3
Etter and Groff, D. Anders, Schneider (4), Garza (5) and Freisenhahn.

Dilley Rally Tops Natalia, 7-6, Monday

By E. H. Whittington

NATALIA — The Natalia Mustangs coached by Al Vance, lost a heart breaker to Coach M. R. Beyer's Dilley Wolves Monday, April 4 on the home field 7-6.

William Joe Whitley and his battery mate, George Raute, went all the way for the Mustangs, while Lozano and John Equia worked for the Wolves.

Natalia's Marshall Davis and Dilley's Segovia each collected a home run, and Natalia's Juan Gusman socked a three-bagger in the bottom half of the sixth to give the Mustangs a 6-3 lead. But in the top of the seventh the Wolves, aided by a walk and an error on the part of Davis, scored four times to win. Mustangs failed to score in the last half of the seventh.

Line score:
Dilley 100 101 4—7
Natalia 091 203 0—6

Nat'l Guard Becomes Minutemen

Officers and men of Heavy Mortar Co. 141 Inf. Regt. Texas National Guard are ready for "Operation Minuteman," the nationwide simultaneous one-day test alert of Army and Air National Guard units that will be staged any day now.

1st Lt. Roland D. Weber, commanding the Heavy Mortar Co. said that all unit personnel were looking forward with enthusiasm to their part in "Operation Minuteman," which will find nearly 400,000 Guardsmen in over 2,200 communities throughout the United States, the District of Columbia, Alaska and Puerto Rico, springing to arms at short notice.

"We welcome this test alert," Lt. Weber said, "because it will give us a splendid opportunity to test the speed and efficiency with which our unit can be mobilized in event of an emergency."

A secondary purpose, he added, is to give the people of Hondo and surrounding area an opportunity to see how the unit trains, and the potential value of this training to community, state or nation in an emergency.

The exact time and date of the test alert will be kept secret. The Heavy Mortar Co. and other units of the Texas National Guard will be alerted by Major General K. L. Berry the State Adjutant General.

General Berry will put "Operation Minuteman" in motion in Texas as soon as he receives an alert message from Major General Edgar S. Erickson, Chief of the National Guard Bureau at the Pentagon in Washington, D. C. General Erickson is acting as national coordinator of "Operation Minuteman."

Gamble Pays Off

Brackettville Upset By LaCoste

In true pioneer spirit the LaCoste Eagles upset favored Brackettville in the Davy Crockett mile relay at Somerset to take this postponed event of the Texas Olympics Tuesday, April 5.

The time was 3:48.2. The meet had been postponed from March 25-26 because of a strong dust storm and cold wave. It was concluded April 6.

Coach Cecil Willis pulled a gamble to aim his flaring four-some of Gary Griffin, Ernest Hinojosa and Jesse Zamora and Wesley Olivian in the mile relay. Olivian, the anchor man, was pulled out of the 220-yard dash and quarter mile to concentrate on the relay event. The slick senior sped a fine 50.5 on the winning leg.

Second was Brackettville and third Charlotte. Thus, LaCoste defeated 13 Class B teams in this field. There were 19 Class B teams entered in the meet.

In other events George Duncan of LaCoste ran sixth in 23.7 seconds time in the 180-yard low hurdles, and was also fifth in the discus with a heave of 108 feet 2 1/2 inches.

The relay victory pushes the LaCoste thincads into the Region 7 meet at San Marcos April 23. The coach, Cecil Willis, said he would take 12 boys.

Elated, Coach Willis said he "felt the team stands a good chance to win the mile relay." Only winning relay teams at the regional will be permitted the chance to compete in the state meet.

Natalia's Sox Display New Park

A brand new baseball field and a healthy crop of players has put Natalia's Red Sox in the market for games.

The new field was completed last week, Manager Ceric P. Honeycutt said.

Honeycutt, former San Antonio sandlot pitcher, says he will have "a first class ball club." One of his proteges is Catcher Orta, former Alice player and Rio Grande Valley Leaguer. Another is First Baseman Rubio, who also is a receiver, and one of three on the squad.

From LaCoste comes Outfielder Hinojosa. Others are Second Baseman Silva, Pitcher Luna from Devine and a former Fredericksburg catcher Route. At shortstop will be Brisenio, who has migrated from nines at Devine, Pearsall, Floresville and Jourdanton.

The new park will have seating capacity for 600 and a fence that goes 300 feet in left, 340 in right and is a tremendous poke to centerfield.

Honeycutt said there are plenty of shade trees for interested fans. Interested parties should contact George McMillan, owner of a Natalia tailor shop.

Texas Relays On Television Next Monday

Action films of the 28th Texas Relays at Austin will be featured next week on The Humble Company's TV program, Texas in Review.

This year the track and field meet held at The University of Texas attracted some 1,300 entrants.

Other items include films of a truck driver being honored for his courtesy and assistance to drivers in need of help, and a visit to a touring service offices in Houston.

Monday, April 11 Texas in Review can be seen on WOAI-TV, San Antonio, 10:15 p. m.

Mile Relay Wins LaCoste 78-B Title

LACOSTE — A crack mile relay team decided the District 78-B team championship in favor of the LaCoste Eagles April 1-2.

Up until the mile relay LaCoste was leading Medina by a single point, 63 to 62. When the baton-passing event was concluded LaCoste had 68 points to 62 for Medina. Natalia had five. Four other district teams, Sabinal, Utopia, D'Hanis, Castroville and Hondo did not enter.

Individually, the triangular meet went to Henry Zumwalt of Medina, who scored 18 points to 15 for Don LeSturgeon of LaCoste, George Duncan of LaCoste, 15 and Wesley Olivian of LaCoste, 12 1/2.

Comets Slap TMI, 22-5 April 5

By Gerald W. Kempf

The St. Louis Comets tucked victory number eight under their belt, Tuesday, April 5 as they trounced the T. M. I. Panthers, 22-5.

Justin Jungman was the Comets starting pitcher and he went six full innings to chalk up his first victory of the season. Jungman, although being plagued with wildness at times, proved very effective in the clutches. He yielded but four scattered hits, walked eight, and fanned eight. Francis Lutz took over in the seventh inning and retired the side quickly on two strikeouts and a ground ball.

Lutz led the Comets at bat with a perfect day at the plate. He blasted out two doubles and two singles in four trips. Steven Haby drove in six runs on a double and pair of singles in six tries.

Kenny was the big gun for T. M. I. as he drove in two tallies on a long triple and a single in four attempts.

The Comets will next meet the strong Central Catholic Buttons in a game to be played at Castroville on April 12, at 4:00 p. m. In a previous game, St. Louis' first of the season, Central ripped the Comets, 9 to 1.

Line score:
Comets 020 540 (11)—22
Panthers 001 040 0—5
Jungman, Lutz (7) and Groff; Jenkins, Welch (7), Niece (7) and Otis.

County Court Fines Four

County Court passed judgment on two driving while intoxicated cases and fighting in a public place.

Salvador Mendzosa Roma and Gilbert V. Tellez each were fined \$100 and costs plus three days in confinement on DWI charges. Raul Vasquez and Jeronimo Gutierrez was each fined \$25 and costs for fighting in a public place.

Kid Baseball Started Here

The seeds of kid baseball were sown at the Lions Club meeting Wednesday, paving the way for a sound-out meeting at 7:30 p. m. Tuesday at the elementary school auditorium.

"We are not asking for money and we (the Lions) aren't going to run the program, but we want to initiate it," said Lion President Dr. John H. Jennings.

The Lions have donated their \$300 from the Dave Rubinoff violin concert of March 28 to kid baseball for boys eight to 12. There are 108 boys between the ages of nine to 12 in Hondo.

All people interested in the idea of kid baseball are urged to attend. Many problems must be ironed out if the town is to have a program. A president, general manager, and secretary-treasurer must be elected. Also, there must be definite commitments for umpires, managers and coaches for each team.

Dr. Jennings said at least four different colors of T-shirts would be ordered to distinguish the small fry teams.

"We must decide on a field, and therefore must appoint a committee to locate a field. We need workers and equipment for that field, and since this is a community project, we need those people who can provide such items to be at the meeting."

One of the problems to be ironed out concerns a Cub scout softball program with which the kid baseball program would not want to interfere. Generally, each small fry team would have 15 boys or a total of 60 if the plans fell.

Dr. Jennings also pointed the way toward bigger and better things if the program goes satisfactorily in 1955. He indicated that a field would be built to Little League specifications and entry with the national organization would be a sure thing in 1956, if sufficient interest in public spirit is shown now.

An estimate of equipment necessary would cost \$208 for 60 boys. However, there are hopes that some equipment leftover from a previous kid baseball attempt can be salvaged and thus cut down on the expense of complete new equipment.

Dale Johanson New 'Billie Head Coach

Dale Johanson, 32, late of the Melvin High Bulldogs, has been named head coach and athletic director of the Fredericksburg Hillbillies.

Johanson replaces Roy Langerhans, who resigned in February. The new mentor is a native of Cherokee and a graduate of Southwest Texas State where he was grid captain in both 1950 and '51.

Johansen won an all-conference tackle berth in his collegiate days, and is said to have been a Little All-American choice. Under his tutelage Melvin, a Class B school, capped 30 of 34 games, and in the process won a bi-district and regional title in three years and was runnerup in 1954.

The husky Johanson will move to Fredericksburg in May after school is out. He is married and has two small sons. He will assume his new duties at Fredericksburg in September.

Easter Sunday action in the Highway 90 League will take place in Castroville, Rio Medina and LaCoste.

The Castro Indians will play host to the Pirates of D'Hanis, who at present are tied with them for third place. Hondo goes to Rio Medina and Quihi plays at LaCoste.

The Hondo Braves and LaCoste Athletics won their second games of the season last weekend on their respective home grounds. Hondo scalped the visiting Castroville Indian, 11-1, in a Saturday night battle, and LaCoste won out over Rio Medina, 9-2, in a Sunday game. In the other contest, home-town Quihi bowed to the D'Hanis Pirates, 6-1.

Blanton Taylor sparked the Braves to their victory over Castro, as he fanned 10 Indians, and hit a two-run homer. Monte Williams and Cliff Sadler also had a wild night. Williams hit a single and a triple in two trips, and Sadler blasted out a deuce and two singles in five official times at the plate.

Williams' two-for-two gives him the undisputed league lead in batting.

Hondo's Parsons and Castroville's George Schmidt also rapped two-baggers.

Earl Tschirhart went the distance on the mound for Castroville as he gave five free passes and Koeed three Braves.

Robert Hutzler led the LaCoste Athletics to their second straight victory, which was also his second triumph. Becker, Gerald Nickel and Berkmoes did the performing for the Tigers. Becker took the loss.

Corky Keller, LaCoste right-fielder, was the leading batsman of the day, as he hit safely three times out of four. Rio Medina's Don Jungman was next best with one for two.

Ep Finger headed Quihi's second defeat of the season, going the distance for the victorious D'Hanis Pirates. Merle Wiemers started on the mound for Quihi, and was charged with the loss. Ronnie Bradley, who had eight strikeouts last Sunday. Came in in a later inning. Hilary Huser slammed one over the fence for D'Hanis with one aboard.

Seguin 3 Hondo 2 April 6

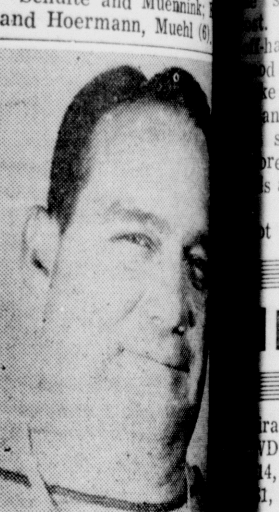

Seguin's Matadors scored in the seventh to edge Hondo Owls, 3-2, Wednesday night, April 6 at Seguin.

It was a duel between Schulte and Seguin's hurler, Knodel. Until the Seguin had gotten but one ty off Schulte, Hondo scored in the third when Schulte Williams socked a double, Seguin tied in the fifth when Schulte Allen Schievelbein tripled.

Hondo went ahead in the seventh when W. J. Seguin sacrificed to second by Alderete and Hartman and Schweers home.

Seguin followed with a double by Catcher Muehl, but the score, a double by Bettge and the pesky Schievelbein's single.

DON C. CLARK

Ex-Hondo Does Well At Flagstad

Don C. Clark is making for himself.

Clark, 42, who attended High School in 1927 and Utopia and later graduated Sabinal High, has come to own as athletic director and football coach at Flagstad High School. He is a son of Mrs. V. Horace Clark of Hondo.

Clark has been at Flagstad for 17 years and during his time he has produced champions in the three sports of football, basketball and baseball.

The Texan is a graduate of Arizona State College, Flagstad, and coached also at Flagstad, from 1937-43. In 1943 he was the Flagstad Junior College grid coach.

At present Clark is in the building of a new plant expected to be completed by summer. In that building a swimming pool is being built only 12 out of 612 Flagstad people voted against. Clark's pool will be used the year but its main purpose is to teach children how to swim.

Features of the pool include its being built on the site of the gym to take advantage of dressing rooms there. The pool for tots has been built in the plans. Also, the covered and walled in half of both walls are doors. A 10-foot strip along the peak is translucent and admits sunlight.

In summer doors will be closed to allow bathers to take advantage of a sun deck. The building and pool will be heated.

Dressing rooms have been built. A pair of 200 lecture rooms have been built. Rollaway bleachers built to take care of large attendance. Stationary bleachers were put in the balcony.

FORE!

"Fore!" yelled Glen Glibb as he sized up the fairway in front of him. "Better wait," cautioned another member of his foursome. "Those people aren't out of range yet."

"Well, they're too slow," growled Glen. "I'll just crack one over their heads — that'll speed 'em up a little."

There was a resounding crack as Glen drove, and the golf ball sped off low and hard along the right side of the fairway. As the players watched, admiring the fine shot, the ball began to curve to the left, hooking toward the two men and two women in the fairway.

"Fore," Glen yelled frantically, and one of the women moved desperately to one side, ducking her head. The ball struck her on the arm.

WARNING NECESSARY

In all his conduct that might result in harm to another player, or to a caddy, the golfer must exercise reasonable and ordinary care, according to the circumstances. It is well known that driven balls do not always travel in the straight course intended, but the player must reasonably foresee the likelihood of injury to others from his driven ball, and use the care necessary to prevent such injury.

One duty of a golfer is to give timely warning of an intended drive if the other player is not aware of such intention, but in some cases a mere warning is not enough. The golfer is not necessarily an insurer of the safety of others with reference to the balls he drives, nor is he guilty of negligence merely because the ball deflects from its intended course, but he must have in mind the possibilities of dangers to others.

ORDINARY CARE NEEDED

In the case above, Glen was at fault. The players were obviously in a danger zone, and the mere shouted warning was not sufficient to protect them, especially since their backs were to Glen, and they were proceeding ahead of him, in a place where, under the rules of the game, they had a right to be.

On the golf course, remember, use just ordinary reasonable care to see that other players are protected. Be sure they know when you are going to drive, if they are in a danger zone, and don't deliberately drive into the people ahead of you.

Housing Shortage Acute For S-Os

Poor housing facilities could cause Hondo to lose a large number of student officers.

Every six weeks a new class comes in. One of the largest goes to duty at Hondo Air Base April 8. In this class are 105 student officers and 26 cadets. The student officers are privileged to live off the base. And, they've been told they'd have no trouble finding accommodations for their families. It hasn't been true.

May 24, 100 officers will be here; July 11, 97, Aug. 24, 67, Oct. 10, 67 and Nov. 29, 68 and in January, 1956, 67.

Some of these student officers' housing can be absorbed at housing units near the base, but not nearly enough of them. Hondo has to absorb the rest or allow them to move to Sabinal, Castroville or even further.

The present class is particularly large because some of the fledgling pilots from the previous class were held back, thus partially doubling this particular group.

Either more residents have to add units on to their houses or just allow the classes to go elsewhere for living quarters. Not many student officers are content to share houses where they must not only share bathroom facilities but kitchens as well.

The obvious answer and one that would slacken the load would be a large motel. Even this would not be completely adequate. Partial help can still be extended to the "helping hand," the Chamber of Commerce by advising Mrs. Winnie Braden of additional rooms for rent.

It's either build or bust.

REMEMBER WHEN...

April 6, 1945

Cpl. Milton J. Renken left Sunday morning for his new station in Greenboro, N. C. after a 13-day furlough visit here with his parents, M&M P. H. Renken, and family.

Clovis J. Schweers, A. M. M. 2/c arrived last Friday from Sanford, Fla. where he is stationed at the naval air station. He is visiting his parents, M&M John D. Schweers, near Dunlap.

April 5, 1935

Hugh Meyer, Jackie Schuehle, Clinton Jagge, Johnny Crouch, rushed the season by a swimming expedition to Bless' Swimming Pool.

James Horace Bradley, Wesley Bendele, Jerome Finger and Jack Speece suffered minor cuts and bruises when the car in which they were riding turned over near Sabinal Friday night.

April 11, 1925

M&M Jim Amberson came out from San Antonio and were last weekend guests of the lady's parents, Mr. and Mrs. E. W. Lacy.

Fire broke out Sunday morning in the Castroville Cafe (the A. Carle building). The interior of the building was badly damaged.

April 10, 1915

A few people gathered at the Chicon Dam Sunday. Hazel Faris, Ella Griffin, Henry Brown and Jess Raley went for a boat ride. While out on the lake the boat capsized, throwing the occupants into water 20 feet deep. Otto Roehler and Johnnie Carnes went to the rescue of the party in another boat and succeeded in bringing all of them safely to land.

April 1905

Joe Langfield was up from his ranch Thursday. He reports that the heavy rain has damaged his broom corn crops by preventing a good stand.

Mrs. Matt Rath, the bakers wife, was the lucky winner of the cake given away by the baseball boys last Friday night at the ice cream supper. She returned the cake to the boys and it was raffled off along with some others.

LETTER TO THE EDITOR

March 27, 1955
USS Gardiner's Bay AVP 39

Dear Editor,

They say the Navy is mighty big, but so far I have seen quite a few home county boys. On the 22nd of March when we came into San Diego, we docked behind the USS Hancock, the carrier I. C. 3 Jerome Reitzer is on.

He was quite surprised when I woke him up the next evening when I visited him. The same evening I went over to N. T. C. to visit F. A. Frank Schneider, a former Castroville school mate, who is attending EM school there. Both of us had weekend liberties and had a wonderful time renewing our old friendship.

Yours Sincerely,

THINKS SAFETY LIES NOT IN "REORGANIZATION"
OF UNITED NATIONS BUT ITS "DESTRUCTION"
AND ASKS WHICH IS THE CHOICE
OF THE AUTHOR QUOTED.

WE QUOTE THE FOLLOWING FROM AN ARTICLE PUBLISHED IN FOR AMERICA'S STUDY PLAN: "EXPULSION OF THE OUT-LAW"

The United Nations, now ten years old, has not yet learned to walk. Far from building world peace, the UN has established a permanent international stage on which Godless communism is given a daily forum for hate, recrimination, and moral aggression.

For all of this, since 1945 the U. S. Treasury has paid directly more than \$400,000,000 to sustain UN programs and activities. And American taxpayers have provided another \$250,000,000 in added Executive expenditures incidental to UN participation. In return for this huge outlay, UN organizations have achieved limited technical and humanitarian goals.

But the principal world impact of UN activities during these ten years has been to increase the prestige and vocal range of communism in all its evil work. When the UN was established in 1945, communism enslaved only about 200,000,000 people in the Soviet Union. Today, terroristic communism holds sway over some 800,000,000 souls in Europe and Asia. Roughly one-third of the world's population is now under communist influence or control.

Since 1945, Kremlin dictators have frustrated constructive efforts toward peace by the exercise of 67 UN vetoes.

In Korea, the world saw its United Nations War. That war lasted three years, and ended precisely where it began. It cost the U. S. 143,000 battle casualties and some \$20 billion. Today, the UN and Korean freedom still stand frozen and frightened at the 38th parallel.

In his press conference of February 23, 1955, President Eisenhower alluded to "the tremendous lack of success" in recent UN endeavors.

World opinion appears to be jelling upon the conviction that the only hope of building world peace is to "reorganize the UN from top to bottom, and start all over again — without the communist powers."

FD

The ideal of peace was the core of the UN dream. Yet there was not one day between the establishment of the UN, in 1945, and the Indo-China cease-fire in August, 1954, when the world was not bedeviled by a shooting war somewhere — always with Kremlin dictators stirring the witches' broth.

Following the Indo-China cease-fire, there was a period of almost six months of tentative peace before Communism unleashed her next world disturbance in Red China's publicly announced plan to invade Formosa.

This is the whole story of the first ten years of the United Nations' contribution to world peace — almost six months without a shooting war!

Communism thus has branded itself as a complete and total world outlaw and international brigand.

Not until communism is disbarred from all civilized intercourse may the world hope to resume the true paths of peace.

FD

The logical place to begin is in a re-constituted UN without the Soviet Union or any other communist state. The world has learned, at great cost, that you can't do business with communism.

If there is any hope for the ideals of the UN, that hope lies in a new organization, in which Alger Hiss and his ilk can have no creative part.

In re-creating the UN, provision should be made to permit limited membership to governments-in-exile representing the communist satellite areas, if those exiled governments pledge faithful support of UN ideals and the ultimate extermination of communism in their homelands.

This would bring into the UN all the scattered and now impotent voices of freedom in the satellite areas — at present denied any world form for their poignant protest against Kremlin savagery.

Once the UN is created as a meeting place and true citadel of freedom, the way would be clear for genuine international cooperation among sovereign states for peace, progress, and everbroadening world prosperity.

FD

The monumental failures of the Hiss-type UN are soon told:

The UN has not stopped aggression.

UN has not stopped cold-war infiltration, sabotage and subversion the world around.

UN has not limited armaments, or contributed anything to the

peacetime application of atomic power.

UN has not contributed to world economic stability through broader commercial intercourse nor has it contributed aught to the security of foreign capital investment and development — the one great need of the world today.

FD

Regrettably, be it said, the author from which we quote, after condemning as entirely wrong the whole works of United Nations, proposes to make it all good by making it all over.

Did man ever build a house from rotten lumber or a housewife concoct a savory dish from rotten food?

Read further and see if our author does not condemn his own proposal?

FD

Alger Hiss was a principal architect of the UN. At the historic Yalta Conference of February 1945, which set the date for the April San Francisco meeting creating the UN, Hiss was at the right hand of the feeble and dying President Roosevelt. When the question arose of three votes for the Soviet Union, against one for the U. S., the matter was referred to a special committee of experts. This committee, as the world learned some three years later, consisted of Gladwin Jebb for Great Britain, Gromyko for the Kremlin and Alger Hiss for the U. S. This was the committee which finally agreed that the U. S. S. R. should have three votes in the UN!

Senator Karl E. Mundt, of South Dakota, who was for many years a member of the House Committee on Un-American Activities, has devoted many months to constructing an hour-by-hour chronology of the Yalta deliberations. He told the Senate on January 25, 1950:

"It is more than an item of passing interest that we hear Alger Hiss was moving into positions of influence and authority at Yalta. First, (in Washington) he was one of a group of six advisers to the Secretary of State to make up the advance preparations for Yalta. * * *

"Then, we find him being included among those sitting with the President on the porch at Yalta reviewing proposals for the daily agenda at the conference. Then we see him selected as one of those sitting behind the President in the inner council, to counsel with him, to whisper suggestions to him, to make his influence felt on matters of vital significance, and to supply the President with information, or mis-information, as the case might be, for making world-shattering and world-shaking decisions." * * *

FD

When the UN was established, at San Francisco in April-July, 1945, Alger Hiss was the Secretary General of the conference, with a staff of 300 hand-picked assistants in the Secretariat. Time magazine then reported:

"Alger Hiss will be an important figure there. As Secretary-General, managing the agenda, he will have a lot to say behind the scenes about who gets the breaks."

Then ten-year history of the UN since 1945 tells the world eloquently, and tragically, who got the breaks — pagan communism.

The world will not continue forever in the web of intrigue by Hiss at Yalta and San Francisco. The UN Charter, so largely contrived by Alger Hiss ten years ago, must be destroyed, abandoned, and forgotten before the world may make even a start toward peace.

The United Nations Charter, as we now see so clearly, was only a gigantic bear trap — a carefully wrought scheme to clothe communism in robes of respectability and give it a place at the world council table.

The one outstanding historical accomplishment of the UN has been to breathe the breath of life into discredited, pagan communism, give it a voice in the councils of freedom, and intimate daily access to all the political and military secrets of the world.

And all of this mischief, under the Hiss design, has been sustained and supported by the U. S. Treasury, which, over-all, has contributed roughly one-half of all UN costs since 1945.

It's time for a new start — without communism in the world's family circle.

CANCER UNIT HEADED BY MRS. VANCE

Mrs. Dorothy Vance of Hondo has been named chairman of the newly-organized Medina County unit of the American Cancer Society.

Mrs. Joe E. Briscoe of Devine is vice-chairman; W. S. Porter of Hondo, secretary; and M. C. (Bill) Jaegli, Hondo, treasurer. Mrs. Jake Schuehle has been named chairman of the cancer crusade committee. Mrs. Bob DePuy chairman of the Spanish-speaking group, and Mrs. Jerry Berger, promotion chairman.

The group was to hold its first meeting at 10:30 a. m. Thursday, April 7 at the Vance home, 1710 21st. Mrs. Tom Hurd of Brackettville, district representative who will attend, was instrumental in getting the unit organized last week. The meeting will last an hour, Mrs. Vance said.

Mrs. Vance said meetings would be held quarterly, and that the funds drive would be held the last week in April.

HEADLINES IN OUR AREA

Compiled from exchange papers and the mail

UVALDE — The best quote on the dust that hit along Hwy. 90: "A rancher in a dust storm could wave cross the fence to his neighbor standing in the rain."

PEARSALL — Urban Farrow, a bank president from Carrizo Springs, told a group of 24 farmers and ranchers from the Frio and Atascosa Soil Conservation District that "root plowing and seeding of rangeland" will spread throughout the Southwest. He said the practice will restore this section "to a production of beef never before equaled."

He also said, "I could never see how the brush control measures applied in the past, chaining and chopping, would pay their way out in many cases. However, with root plowing and seeding I can't see how a man can go wrong."

BANDERA — Bandera has extended the hand of friendship to anyone who can find the name of its proposed agricultural corporation. The prize is \$25 cash for the best name selected.

Civic-minded citizens have planned to establish an agricultural center for Bandera County. Howard Hay, prominent Angora goat breeder, has offered the award.

Contestants should send in their entries to Box 307-B, Bandera, before April 14. Anyone in the area is eligible. One of the six committeemen who will pass on the name to be used is Rhea Mansfield, who accompanied the Anvil Herald on its survey of the Thurmond Ranch in November.

PLEASANTON — Oil or no oil Atascosa County is about to end its tax troubles with major oil companies over payment of some \$132,700 in 1954 county taxes. It amounts to about 23.5 per cent of the county tax roll.

The companies protest was that the valuation on oil producing property was too high in comparison with non-oil producing property. Later, the county Board of Equalization reduced oil taxes about 10 per cent. Still

the companies wanted a national flat 10 per cent rate on 1955 oil taxes.

County commissioners refused to set a figure. A Dallas firm of tax accountants worked out a reduction amounting to about a 10 per cent drop in oil tax payments, said County Commissioner James.

Humble Oil Co. became county's No. 1 taxpayer approximately \$90,000 in 1954 taxes. Interest and on the unpaid amounts to over \$2,700.

The largest ballistics measured in the USA was 17 inches in diameter and almost 3 1/2 inches in diameter.

No other low-priced car even comes close

to matching these important Chevrolet advantages...

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Motorama Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on!
And that makes a big difference—not only in how your car looks today, but in how it will look tomorrow, too. Chevrolet's good looks spring from fine, clean, uncluttered design. The beauty is inherent in the basic contours of metal and glass. There's no excessive bolted-on ornamentation to go out of style overnight.

The Body's by Fisher!

No other low-priced car has a Body by Fisher—but many of the high-priced cars do. That fact alone tells you there must be something extra special about the style, quality and construction of Body by Fisher. And there is! You can see it, feel it and even hear it when you slam the door.

Today's most modern engines!

That goes for Chevrolet's new V8 and two new sixes as well. For example, all Chevrolet engines bring you a modern 12-volt electrical system—double the voltage of other low-priced cars. This means quicker cold weather starting and a greater electrical reserve. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry,

and develops the highest power per pound of any V8 in the low-price field. It takes valve-in-head leadership like Chevrolet's to bring you truly modern engines like these!

A drive to suit your driving!

You can take your choice of three different drives—and every one's as modern as this minute. There's silky, peppery Powerglide, new Overdrive (both extra-cost options), and a new Synchro-Mesh transmission that's as smooth as they come.

All the power helpers you want!

Windows, seat, steering, brakes—all are available with built-in "muscles" to make driving as effortless as you wish.

And you can even have air conditioning if you like. These things are extra-cost options, of course, but they more than repay you with extra pleasure.

Fun is "standard equipment"!

You find that out the first time you take the wheel of a new Chevrolet. Here, you discover, is a car that takes the curves like it's on rails, that steers like it's reading your mind. It seems simply to ignore bumps—and when you stop suddenly, there's no excessive lurching or diving, either. There has never been such a difference in low-priced cars as there is today—or so many good reasons why you should drive a new Chevrolet. Come in and take the key.

YOU GET WHAT YOU PAY FOR Don't Be Fooled

Watch out for:

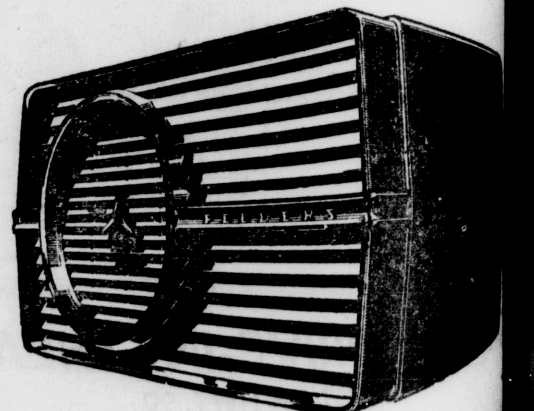

1. Air conditioners described as "1/4 or 1 horsepower" without specifying cooling capacity. Don't pay for a "1-ton" unit and get "3/4-ton" cooling capacity. The maximum rating of a good 3/4-ton air conditioner should be at least 9,000 B.T.U.'s. A good 1-ton should rate at least 12,000 B.T.U.'s.
2. Air conditioners listing B.T.U. capacities without explaining conditions under which such figures were determined.
3. Promotions or "deals" under which you end up with a "brand new" 1953 or 1954 model. Demand a 1955 model!

FEDDERS IS YOUR BEST BUY!

THE TRUE WAY TO RATE AN AIR CONDITIONER IS BY THE B.T.U. CAPACITY

Fedders Air Conditioners are rated in accordance with standards set by the American Society of Refrigeration Engineers. Fedders 3/4-ton units have a maximum rating of 9,720 B.T.U.'s. Fedders 1-ton units have a maximum rating of 13,300 B.T.U.'s.

TWO GRASSES KEPT SILVEY IN FARMING AFTER 17 YEARS

By Fred McGahey

Often can a farmer in the northern part of Medina County on good rainfall or good

for Frank Silvey one good in blue panic and buffel was enough to reassert faith in farming and to keep from shifting his livelihood to some other business.

Silvey, who lives five miles west of Devine, had gotten down and out, financially speaking, when he tried Soil Conservation Service practices as a last resort. He hopes others do not wait so

at Silvey accomplished by getting to SCS men was this: eliminated a feed bill.

not needing to shell out for commercial products, was able to have a margin left over from one year to the next for further operation.

If it hadn't been for this grass now have," he indicated with a sweep of the hand, "I would have quit the soil because I would have been broke."

The highest test run on the blue panic grass, an importation from Australia, showed it had 28 percent protein on a 10-inch swath, which rates this grass as many commercial feeds as the food.

Says J. R. Gunn, work unit supervisor, "A farmer can get more head of cattle off blue panic grass than any other

Gunn also explained why some farmers were "fooled" by blue panic grass.

On oats, which are lower in protein content, cattle can graze all day. Then when the farmers find cattle quit grazing blue

after a short time, they feed it up, thinking it was no good.

The truth is that the cattle do not need as much of the blue panic because of its high protein content."

A warm season grass like the blue panic comes up by Feb. 1 in Medina County from the old stubble. And because Silvey planted it was able to graze the old blue after frost. Thus, he eliminated his feed bill.

But blue panic alone would not be enough.

Silvey found that by sometimes turning his Herefords on the blue panic, then shifting them to another field of buffel grass, he

could switch the herds back and forth. While one pasture of blue panic was recovering from some heavy grazing, but not completely eaten to the roots, the

cattle would munch on buffel, then be sent back to blue panic for a time. Both are such fast-growing

grasses that they recover quickly.

Blue panic is a pre-annual grass and has the ability to reestablish itself each year from the old root system.

Of Silvey's 1,360 acres about 170 acres are in cultivation. At present about 170 acres are seeded in blue panic and buffel grass,

in which he runs 140 head of mature cattle, including bulls.

Eventually, Silvey wants to subdivide the entire 540 acres in blue panic and buffel grasses. The soil is sandy, red clay loam, a very desirable soil for such

uses.

Silvey says he "respected" his land after the third rain in 1954. It means no more than six

inches of rain fell in one of the best parts of Medina County.

A FELLER COULD almost hide in the tall, waving grass on the Silvey farm. At left is J. R. Gunn, Soil Conservation unit work conservationist, who helped convert Silvey to range management prac-

Even so, the grasses sprouted up green after Christmas. They had been given a hint of moisture and made the most of it.

The tall, swarthy farmer said he "planted this 30-acre field of blue panic grass about April 15, 1954. It was dry planted without enough moisture to germinate the seed."

The panic was seeded in a field previously planted in oats.

Silvey plowed the ground three times in 1954, and has chiseled it once early in '55. The chiseling practice is used to help break the crust formed from previous rains and tramping by cattle. Chiseling also makes it possible to absorb more rainfall.

In one of his most grassy pastures Silvey said he turned in up to 70 cattle and allowed unlimited grazing by those cattle. This meant less than an acre per cow. The grass was about a foot high and was grazed 10 days at a time.

Silvey rotated grazing of the cattle through 10-day cycles during the summer months. He left the gate open in the fall on the 34 acres.

On another pasture he has planted some 140 acres of buffel grass that has been grazed through the years.

A look at the grass in mid-March gave this bird's-eye view: here is land that in a normal year of temperature and rainfall could be expected to be grazed by February. In fact, it remains nearly a year round source of cattle food.

Silvey has 18 fields in 540 acres under cultivation. These he plans to subdivide into small plots, giving each a chance to come back and grow.

With this in mind, Silvey recalls that if he had not had a total of 175 acres of blue panic and buffel grass, his feed bill would have been more than doubled.

tices when Silvey was about ready to give up a year ago. Planting blue panic and buffel grasses helped mightily to furnish Silvey with a year round supply of natural food for his cattle.

"In previous years I averaged \$3,500 to \$4,000 worth of feed."

But with his own grass to feed his cattle, Silvey discovered the cattle were in better condition than "they have been in past years."

Emphatically, Silvey noted that since he had a smaller feed bill than ever before his saving was "outstanding."

Silvey has been an occupant of this particular number of acres since 1938, 17 years in which he has gotten to know its soil like his own hand.

His long-range plan is to take his cattle off range land and give that land a chance to come back. Besides improvement of the range, this practice will give Silvey's cattle winter grazing.

Because of his good year after several lean ones, Silvey is convinced "the farmer ought to take advantage of Soil Conservation policies."

Another profound thought from Silvey: too many farmers never return to the soil what they take from it. In doing this they abuse the land, and it does not return to them as good products as they desire.

The intrepid Silvey finds tonnage from his healthy grasses is high. He also found that frost bit back his grasses, and that growth in late winter has been hindered. However, the grass has demonstrated its ability to come back quickly from the old root.

Blue panic grass comes out faster and outproduces the generally-revered Johnson grass, Gunn said. Again, under heavy grazing Johnson grass can be killed out, but not blue panic.

Silvey notes with satisfaction that from having fed on good early grasses, the calf crop is better.

"The calf crop looks 30 per cent better on green feed than on con-

We'll Soon Be Wearing 'Dog' Tags

C. J. Hitzfelder, civil defense director of Medina County, today announced plans for making official civil defense identification tags available to all children and adults in this community.

The identification tags are authorized by the Federal Civil Defense Administration and are an important safety measure for everyone, Hitzfelder said. They provide quick identification that would be helpful in case of accident, sudden illness or any emergency, including air attacks.

Each tag is permanently stamped with the wearer's name plus the name and address of the person to be notified in an emergency. The wearer's birth date and religious preference also are stamped on the smooth metal tag carried on a non-tarnishable chain.

Through special arrangements, instructions for ordering official civil defense identification tags may be obtained at displays in many grocery stores soon, Hitzfelder said.

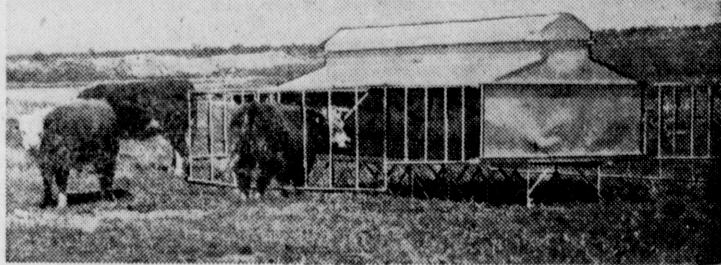

He also reported that civil defense has tried to put this project into effect for three years but has been blocked by lack of personnel and funds. Recently, however, FCDA secured the help of a large food manufacturer in distributing official identification tags on a nation-wide, at-cost basis.

William L. McGill, state coordinator, said "There is a real need in Texas for identification tags."

Never put off 'til TOMORROW ...

That's good advice ... and the producers of natural gas have consistently put it into practice. Every year, they find more natural gas than we use. This favorable balance can be maintained only by a continuing program of exploration which requires expenditures in many cases of over a million dollars per well.

It's true that on a national average only one exploratory well out of nine brings anything but costly disappointment. Yet, producers make new locations and drill again and again, for ...

CHRYSLER WINDSOR DELUXE V-8 4-DOOR SEDAN

THE 100-MILLION-DOLLAR LOOK!

A motorcar named TERRIFIC!

Take the word of the many thousands who have been switching to the beautiful Chrysler Windsor Deluxe V-8—

There's an excitement about this stunning new car that's contagious. You'll feel it at the wheel. Your passengers will feel it. And those who watch you flash by will feel it, too!

You'll be absolute master of eighteen feet of sleek and stunning new motorcar styling. And it's a lot more than just a new look... it's a thrillingly different look from anything else you'll see, no matter where you drive.

By measurement, Chrysler is inches lower than other big cars. It's longer than ever—a breathtaking sweep of tailored steel that, even at rest, suggests pure motion.

You sit behind the only windshield that "wraps around" both top AND bottom to accent the car's look of forward motion. And it's this sweptback design that makes Chrysler's Super-Scenic Windshield the safest to see out of!

The wonders never cease, especially when you start driving. In the Windsor Deluxe with its brilliant new Spitfire V-8 engine, or the 250 hp New Yorker Deluxe... and with PowerFlite automatic drive... you get a head start that's for keeps. And no other car in the world gives you Full-time Power Steering or bigger, smoother, safer Power Brakes!

Your Chrysler Dealer wants to show you the biggest dollar-value car on the road today. Stop by soon for the greatest motoring experience ever. Ten-to-one you'll call it "Terrific!"

BILL RAMSEY, HONDO AIR BASE CADET
Virginian Took To Sheep and National Title

He Doesn't Count Sheep

Cadet Nat'l Sheep Shearing Titlist

By Babs Batot

Bill Ramsey, a Hondo Air Base cadet, contradicts fate.

Why else would a boy raised on a sheepless registered Angus farm end up as the 1951 national sheep-shearing champion at the International Livestock Show in Chicago.

The reason for this paradox is the fact that Bill carried too much energy in his 6 foot 2 inch frame. Pop didn't have enough work on the Charlottesville, Va. farm to appease his energetic son. Thus, Bill turned to the woolly animals.

The story begins at the Atlantic Rural Exposition the year Bill showed the reserve grand champion calf. Noting his ambition and dormant energies, a county agent and a radio announcer advised Bill to take up sheep because of the high profit. To start him off, the county agent allowed the green horn shepherd to practice on his flock of 300 sheep.

In 1950 the lanky southerner entered the district contest "just for kicks," but won. The year 1951 found him carrying off top prizes in district, state and national contests. Simultaneous with the sheep-shearing contest, he became a delegate to the national 4-H club congress. Bill has marked off three years of 4-H.

As a reward of the national contest he won a scholarship Virginia Polytechnical Institute.

Bill gives the credit for early successes to the tutelage of his 4-H club leader, "I believe the entire success in both cadet and sheep showings to Hugh Henderson, who is now with the Dept. of Agriculture at VPI."

The sheep-shearing is judged on six different points. It counts 20 per cent as call rope or bulldogging. Bill's time Chicago was four minutes, seconds, using electric clippers. Condition of the fleece and appearance of the sheep are 20 per cent counters.

The manner of handling sheep draws 15 per cent, as does the amount of cuts on the sheep. Second cuts on the fleece are up 10 per cent. When a sheep goes over the fleece a second time and cuts it shorter — that known as a second cut.

Next, Bill set up his own insurance business where he used his contacts in the animal world to procure additional clients. He stated that in his home state fox-hunting Virginians are eager to insure their prize horses and hounds.

Although he became a business man, the shearing hobby was neglected, for Bill found time to train boys in the skill. One of his proteges placed second in the national contest.

At present he's interested in demonstrating his abilities to 4-H and FFA chapters. A particular wish is to train some local boys for a contest.

In talking about his home state he admitted the word "plantation" was outdated.

"They're just called farms now."

One special boyhood memory occurred when Hollywood moved southeast to capture on film the colorful panorama of the hunts, horses and hounds equivalent in Ramsey's neck of the woods. Fred MacMurray starred in his creek.

Rudolf Hess, Nazi Deputy Führer, landed in Scotland by plane on May 10, 1941.

Big news about

Buick's 4-Door Riviera

THIS brand-new kind of automobile—the sensation of all the Auto Shows this year—is now rolling off the Buick assembly lines in volume numbers. That's the first news.

And the second is just as wonderful — this dramatic new model is very definitely everything that eager buyers hoped it would be.

For the 4-Door Riviera is the first "hardtop" ever available with separate doors for rear-seat passengers—plus full sedan room in the rear.

It comes breezing in with all the low-lined sweep and wide open visibility of Buick's

original 2-Door Riviera—and luxurious new spaciousness in its full-length 4-door body.

With windows down, no posts appear for the rear doors, and you get a completely unobstructed view at both sides.

You find rear doors hinged at front edges to swing wide and free, and assure easy entrance and exit.

And you'll find legroom, headroom and hip-room extra-generous both front and rear—with interiors tailored in fabrics and patterns specially reserved for the 4-Door Riviera.

Best of all, this new Buick beauty comes off the line in both the low-price SPECIAL Series and the high-powered CENTURY Series.

So you can pick your 4-Door Riviera with the potent performance of a 188-hp or 236-hp Buick V8 engine—the swift getaway and gas saving of Variable Pitch Dynaflo® — the velvet stride of the Million Dollar Ride — the long list of Buick bonus features at no extra cost—and all at "great buy" prices that have helped move Buick into America's "Big Three" of best sellers.

But—come see us about the 4-Door Riviera now.

With all-out production — and a prompt order — this newest excitement in cars will be yours that much sooner.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
